Developing world class students and guiding student behavior are the cornerstones of this handbook. Students, please read and retain. Parents, please read and discuss with your child and members of your community. Teachers and administrators, please discuss the contents with your students and use this handbook as a guide for maintaining a positive learning environment. Community members, please read and share the information as you engage with your neighbors, family and friends. Working together, our students will benefit and soar to greatness.
Dear Students, Parents and Guardians,

Prince George’s County Public Schools serves over 124,000 students. The school system offers broad and varied academic programs to ensure every student excels under the guidance of talented, caring and committed staff members. From preschoolers learning the alphabet to high school seniors taking Advanced Placement courses and awaiting college acceptance, and for every grade in between, Prince George’s County Public Schools is committed to serving the academic needs of each and every student. We are equally committed to preparing our students to be college and/or career ready upon graduation.

Students, make a decision to give 100% in class every day and be guided by respect, responsibility, reliability, honesty and integrity. These principles are the foundation for students’ success in Prince George’s County Public Schools.

As your child’s first teacher and our partner in education, we encourage parents and guardians to continue an active role in their child’s academics by visiting the school on a regular basis, supporting our teachers’ educational process, participating with the Parent-Teacher Association (PTA) and volunteering in a classroom or within the school. Your consistent support and active involvement increases your child’s academic experience and allows you to celebrate each and every success your child achieves in Prince George’s County Public Schools.

To ensure students continue to learn in a safe and supportive environment, we have developed the Student Rights and Responsibilities Handbook. This handbook is designed to outline the expectations for students and parents/guardians, as well as the procedures to teach students decision-making and problem-solving skills, along with consistently applying rules, expectations and discipline in our schools.

Please review the contents of this handbook with your child and make sure they are aware of the opportunities and their rights and responsibilities as a member of the Prince George’s County Public Schools’ community.

With the support of students, parents and guardians – along with the continued dedication of teachers and staff – PGCPS will continue to soar and reach great heights for student success.

Together, we will have a great year!

SECTION 1: Introduction, Goals, College and Career Ready, Resources

Introduction

Under the esteemed leadership of the Board of Education, PGCPS is committed to graduating all students to be college and/or career ready. This is achieved through fostering positive, nurturing and engaging learning environments.

We aim to equip our students with the knowledge, skills and resources to compete on a global level. We are also committed to maintaining a safe school environment for students and teachers.

Good discipline is essential to academic success; however, good discipline is not something that just happens. Discipline – like mathematics and reading – must be taught. We believe that it is possible to maintain disciplined, productive learning environments without excluding students from school except in the most severe instances. Four words provide the recipe for discipline in PGCPS: Prevention, Intervention and Progressive Discipline. Utilizing a common sense, age-appropriate, 5-level discipline approach, school environments will thrive. As discipline improves, academic performance improves.

This handbook provides a framework for academic standards and positive student behavior. The contents promote positive, supportive and inclusive learning environments that maximize students’ academic achievement and minimize students’ behavior issues. It explains the expectations, rights and responsibilities of all members of the school community. The handbook creates a structure where students, parents and teachers forge education partnerships and relationships critical to students’ success.

Application of the Handbook/Code of Student Conduct

This handbook and its contents are in effect during regularly scheduled school hours, as well as at other times and places, including school sponsored events, field trips and athletic functions where school administrators have authority over students or the behavior has a direct effect on the order of the school.

The Family Educational Rights and Privacy Act (FERPA) provides parents and students who are 18 years of age or older (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days after the day PGCPS receives a request for access.

In accordance with Administrative Procedure 5125 and 5134, parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The school principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students who wish to ask a PGCPS school to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

SECTION 5: Student Attendance

Student Attendance Policy

School achievement begins with regular attendance. Parents/guardians must ensure that all school-age children in their care are in school on time daily. Additionally, school personnel must communicate any attendance problems or concerns to parents/guardians in a timely manner. Parents are required to send a signed written note with reason for absence. If the absence is excused, the student will receive missed classwork and assignments. Documentation may be requested for absences of three or more consecutive days.

Students Reporting Late to School

It is imperative for students to be on time at the beginning of the school day. The official school attendance documentation is recorded during this time. Schools are required to admit students to school regardless of the time they arrive. (However, students who arrive late to school must report first to the appropriate administrative office to obtain a late pass before being admitted to any classroom or other area of the school). This pass must be shown to all of the student’s teachers as the student reports to each class during the day, as well as to teachers of any missed classes during the next school day. If the student does not obtain and show the pass to all teachers, the tardy will be UNEXCUSED.

Additionally, for the tardiness to be excused, students are required to bring a note from the parent/guardian explaining the reason for the tardiness.

Lawful Absence

Absence from school, including absence for any portion of the day, shall be considered lawful only for the following reasons:

• Illness of the student. The principal shall require a physician’s certificate from the parent/guardian of a student reported continuously absent for illness.
• Hazardous weather conditions that would endanger the health or safety of the student.
• Work approved or sponsored by the school, the local school system, or the State Department of Education, accepted by the Chief Executive Officer or the school principal, or their designees, as reason for excusing the student.
• Death in the immediate family
• Observance of a religious holiday
• Lack of authorized transportation (This shall not include students denied authorized transportation for disciplinary reasons.)
• Other emergency or set of circumstances approved by the Chief Executive Officer or his designee
• State of emergency
• Suspension
• Court Summons
• Health Exclusion

Unlawful Absence/Truancy

Unlawful absence is defined as the act of a student being absent from school for a day or any portion of a day from an individual class for any reason other than those defined as lawful. Teachers are not required to provide make-up work for students when absences are unlawful. Truancy is defined as unlawfully absent for 8 days or more in a quarter, 15 days in a semester, or 20 days in a school year.
**SECTION 6: Coping With Problems**

**School Problems**

If you have a problem related to discipline, security, personal safety or vandalism, you should talk to:

- The nearest teacher, security or administrator when there is a discipline or security problem. Explain what happened and seek their guidance.
- The counselor, psychologist, pupil personnel worker or social worker to learn ways to deal with problems so you will feel safe and gain the skills to deal with similar problems in the future.
- Always talk to your parent/guardian.

**Personal Problems**

For assistance with personal problems that may impact your school performance or your personal happiness, please discuss the problem with your parent/guardian. Seek the assistance of the counselor or any adult that you are comfortable with at your school. They may lead you to resources within the school and/or community.

Talk to a peer. Many times fellow students are able to help with problems. Talk to the school administrators, or if available, staff in the Student Assistance Program.

**Academic Problems**

For assistance with an academic problem or grade, you should:

- Talk to your teacher when you are having difficulty with subjects, making poor grades or need extra assistance. The teacher may ask for a conference with you and/or your parent/guardian.
- Seek assistance from your counselor. They can help with finding a peer that can assist you.
- Discuss the academic concern with the assistant principal/principal.

**Physical, Sexual, Mental Abuse**

No student should be subjected to physical, sexual, or mental abuse. We do know, though, that abuse can happen to any child regardless of race, socioeconomic status, religion, or culture.

If a student feels he or she is being abused, the student should contact the counselor or the school administrator. If a parent feels his/her child is being abused, the parent should contact the school’s counselor or the school administrator.

If you have reasonable suspicion of child abuse or neglect, you must contact your local Department of Social Services or the Police Department. Prince George’s Department of Social Services may be reached at their Hot Line 301-909-2450 or during the evenings and weekends at 301-699-8605.
Bullying, Harassment or Intimidation

What Is Bullying, Harassment or Intimidation?
Bullying, harassment and intimidation are anti-social behaviors that are characterized by an intent to cause harm and an imbalance of power. Bullying, harassment and intimidation is intentional behavior that includes verbal, physical, written or intentional electronic communication that creates a hostile educational environment by substantially interfering with a student’s educational benefits, opportunities, or performance, or with a student’s physical or psychological well-being. Bullying, harassment or intimidation may be motivated by an actual or a perceived personal characteristic including race, national origin, marital status, sex, sexual orientation, gender identity, religion, ancestry, physical attributes, socio-economic status, familial status, or physical or mental ability or disability or is threatening or seriously intimidating; and, occurs on school property, at a school activity or event, or on a school bus; or, substantially disrupts the orderly operation of a school. Bullying, harassment or intimidation may be repeated or have the potential to be repeated. Bullying, harassment or intimidation includes discrimination.

Who Reports Allegations of Bullying, Harassment or Intimidation?
Anyone can report allegations of bullying, harassment and intimidation. Students, parents, teachers, school administration, other staff, school volunteers or the community-at-large may report these behaviors.

How Do I Report Bullying, Harassment or Intimidation?
Reports of bullying, harassment or intimidation may be made directly to a teacher, counselor or administrator. Reporting is not tattling or snitching. Reporting is providing information to an adult to address behavior that must be stopped. All reports should be documented in writing on the Bullying, Harassment or Intimidation Reporting Form. The form is available in schools, in this handbook and on the PGCPS website. The electronic form allows anyone to report directly to the school administrator or designee in a confidential format.

What Happens After the Report Is Submitted?
Once the report is submitted to the school, the administration or the administrative designee will promptly and appropriately conduct an investigation. Findings of the investigation will be documented on the Bullying, Harassments or Intimidation Incident School Investigation Form. The school will notify parents of the victim and the offender of the outcome of the investigation once the investigation has been completed. The notification must respect the confidentiality of the victim and the offender. Therefore, specific information related to disciplinary consequences will not be provided (Administrative Procedure 5143 Bullying, Harassment or Intimidation). If bullying, harassment or intimidation is substantiated, the school team should develop a plan of support.

Sexual Harassment

Any conduct that violates the policy on discrimination or harassment committed by any student of either sex against students is inappropriate behavior. Conduct that is of a sexual nature is the most commonly reported form of sexual harassment. This conduct may include overt sexual solicitation, inappropriate touching, sexual jokes and inquiries about a person’s sex life. This includes unwanted sexual advances, requests for sexual favors, and other verbal or physical contact of a sexual nature. Sexual harassment also includes acts that are not overtly sexual, but rather are directed at individuals based on their gender, such as profanity or rude behavior that is gender-specific.

These issues must be brought to the attention of school administration. Unresolved concerns may be elevated to the Executive Director of Student Services. Remember, all types of bullying, harassment or intimidation are reported on the reporting form.

WHAT TO DO IF YOU ARE BULLIED, HARASSED OR INTIMIDATED

• Report the behavior to any adult.
• Tell the bully to stop. Be firm and clear.
• Complete the Bullying, Harassment, or Intimidation (BHI) reporting form
• Every complaint must be submitted to the Principal or Assistant Principal and documented on the BHI Reporting Form.
• Students may seek guidance, support and/or advocacy in addressing matters related to bullying, harassment or intimidation.
SECTION 7: PGCPS Code of Student Conduct

The Level of Responses and Interventions chart below is used to correct inappropriate behavior and actions of PGCPS students. If interventions are successful, a referral to the school administrator may not be necessary. These interventions aim to teach, correct and replace behaviors so students can learn and demonstrate safe and respectful behaviors. Staff members are encouraged to implement a variety of teaching and classroom management strategies.

Staff members are encouraged to implement various levels of responses and interventions with students at all times during regularly scheduled school hours. In addition, this procedure applies while a student is located on or off school property during field trips, school sponsored events, athletic functions, while being transported on PGCPS vehicles and during any other school related extracurricular activity.

Administrators are encouraged to use the lowest Level of Response to address inappropriate behavior. Serious behaviors that are deemed harmful to the safe and orderly environment of the school will be addressed at the highest level.

| LEVEL 1 | Response:  
These responses aim to teach and correct inappropriate behavior so students can learn, act respectfully and contribute to a safe environment. The classroom teacher or counselor will correct the behavior of the student committing a minor offense. Teachers are encouraged to try a variety of teaching and classroom management strategies. This response can be used when the student has no history of prior incidents. |
|---|---|
| Interventions:  
• Contact parent via telephone, e-mail or text message  
• Conduct a teacher or student conference  
• Correct and provide verbal redirection in the classroom  
• Establish the buddy teacher system (placing a student in temporary time out in another classroom)  
• Develop a daily behavior progress sheet  
• Take time with a student to reflect on the behavior or allow the student to apologize  
• Remove classroom privileges from a student (does not include recess)  
• Reassign the student’s classroom seat  
• Referral to School Instructional Team (SIT)  
• Referral to IEP/504 team (students with disabilities) |
| LEVEL 2 | Response:  
The administrator, pupil personnel worker or counselor will work with the student to correct the behavior of the student committing the violation. This level will be appropriate for incidents that are inappropriate and disruptive to the learning environment. These responses address the potential implications for future harm while keeping the student in school. |
| Interventions:  
• Change in schedule or class  
• Reprimand by appropriate administrator  
• Parent/guardian notification  
• Mentoring Program  
• Revision to IEP/504 plan (for students with disabilities)  
• Loss of privileges  
• In-school suspension  
• Detention  
• Referral to Pupil Personnel Worker  
• Restitution  
• Restorative practice strategies  
• Conflict resolution and community conferencing  
• Assignment of work projects  
• Referral to community organizations  
• Referral to School Psychologist  
• Referral to School Instructional Team (SIT)  
• Referral to IEP/504 team (students with disabilities)  
• Functional Behavioral Assessment (FBA)/Behavioral Intervention Plan |
| LEVEL 3 | Response:  
If a student disrupts the school environment and/or school-related activities, a short-term suspension of 1-3 days may be given by the principal to a student committing the violation because of the severity of the behavior. The duration of the short-term removal is to be limited as much as practicable while adequately addressing the behavior through the use of interventions and responses. |
| Interventions:  
• Notify parent/guardian  
• Referral to IEP/504 team (students with disabilities)  
• Referral to Professional School Counselor  
• Revision to IEP/504 plan (students with disabilities) as needed  
• Referral to Safe and Drug-Free Schools  
• Referral to Pupil Personnel Worker  
• Referral to School Instructional Team (SIT)  
• Referral to IEP/504 team (students with disabilities)  
• Functional Behavioral Assessment  
• Community conferencing or mediation  
• Referral to community organizations  
• Referral to Safe and Drug-Free Schools  
• Referral to Professional School Counselor  
• Referral to Student Support Team (SST)  
• Develop/Revise Functional Behavioral Assessment  
• Assessment/Behavioral Intervention Plan  
• Referral to School Psychologist  
• Beautification Project  
• In-school suspension  
• Short-term suspension (1-3 days) |
| LEVEL 4 | Response:  
Long-Term Suspension (4-10 days) and Extended Suspension (11-45 days) and/or referral to a Disciplinary Alternative Program  
– Appropriate for behavior that significantly disrupts the educational environment in the school, on the bus or at school activities and affects the safety of others. These responses focus on the safety of the school community and ending self-destructive and serious behaviors. |
| Interventions:  
• Notify parent/guardian  
• Functional Behavioral Assessment  
• Behavioral Intervention Plan  
• Community conferencing or mediation  
• Referral to community organizations  
• Referral to Safe and Drug-Free Schools  
• Referral to IEP/504 team (students with disabilities)  
• Alternative Program  
• Suspension Request (long-term 4-10 days)  
• Alternative Administrative Services |
| LEVEL 5 | Response:  
These responses involve the removal of a student from the school environment for 45 days or longer because of the severity of the behavior. A student may be expelled and/or referred to a Disciplinary Alternative Program for behavior that seriously disrupts the educational environment in the school, on the bus or at a school activity that affects the safety of others. |
| Interventions:  
• Behavioral Intervention Plan  
• Referral to community organizations  
• Referral to Safe and Drug-Free Schools  
• Referral to IEP/504 team (students with disabilities) for manifestation determination  
• Alternative educational placement  
• Expulsion (45 days or longer; to be considered in most extreme cases) |

Special Notes

Suspensions

For Students With IEPs/504 Plans
When the school seeks to suspend students with disabilities for more than ten cumulative or consecutive days, the Individualized Education Program (IEP)/504 team must meet within ten days of the student’s removal from school. The purpose of this meeting is to determine whether or not the student’s behavior was a manifestation of the student’s disability. (Procedural Safeguards/Parental Rights)
• If the IEP/SO4 team determines that the student’s conduct is a manifestation of the student’s disability, the student is returned to school immediately.
• If the IEP/SO4 team determines that the conduct is not a manifestation of the student’s disability, the student is subject to the regular discipline procedures explained herein.

Regardless of whether the conduct is a manifestation of the disability, if the incident for which the student with an IEP is being disciplined involves a dangerous weapon, a controlled dangerous substance or serious bodily injury, the school system can unilaterally place a student in an alternative education setting for up to 45 school days.

Educational Services for Students With IEPs
Schools are required to provide students with IEPs a free, appropriate, public education (FAPE). While suspended, students must continue to receive educational services so as to enable them to continue to participate in the general education curriculum and progress toward meeting the goals set out for them in the IEP. The educational services should be documented on the Manifestation Determination Worksheet and explained to the parent/guardian.

Educational Services for General Education Students and Students With 504 Plans
For short-term and long-term suspensions, work will be provided. For extended suspensions and expulsions, if the student is not placed in an alternative educational program the School Liaison will ensure on a weekly basis that daily classwork and assignments are provided, graded, recorded and returned to the student. The school liaison will communicate with the student and parent/guardian on a regular basis.

Tests and Examinations
Principals may allow a student to take tests and examinations missed while on suspension. A student temporarily returning to school or another location solely to take tests or examinations must be accompanied by his/her parent/guardian.

Conferences
Although the conference is held to resolve the status of the suspension of the student, it is not a legal proceeding or hearing. The conference allows an opportunity to exchange views regarding a student’s well being, and at times may include discussion of confidential information pertinent only to the parties immediately affected by the information. While the overall record of a student should be considered, the determination of whether a student has committed the misconduct of which he/she is charged must be based solely on information that relates to the specific incident. At all levels, the student and parent/guardian have the right to be represented by legal counsel, provided the parent/guardian gives his/her verbal consent for such representation, or if absent, gives written consent for representation. If the student and parent/guardian are to be represented by legal counsel, prior notification of this fact shall be given to the Chief Executive Officer or his/her designated representative.

Participation in School and School-Related Activities
Suspended students are not eligible to participate in any school functions or be on any Board of Education property for the entire period of their suspensions, except for attendance at previously scheduled appointments, and, if the student is a minor, only with the parent/guardian. This prohibition includes attendance at athletic events and other school-related activities.

Expulsions

Participation in School and School-Related Activities
Students who have been expelled from school are not eligible to participate in any school functions or be on any Board of Education property for the entire period of their expulsions, except for attendance at previously scheduled appointments, and, if the student is a minor, only with the parent/guardian. This prohibition includes attendance at athletic events and other school-related activities.

Students Currently Expelled from Another School System
A student who enrolls or attempts to enroll in Prince George’s County Public Schools who has been expelled from or placed on an extended suspension from another school system, or has been expelled from an alternative middle or high school, may be denied attendance for a length of time equal to the time the student has been so expelled or on extended suspension.

Other

Restitution
If a student damages, destroys or substantially decreases the value of school property or any personal possessions on school property while committing an offense of this Code or any other law or regulation, the principal may require the student or parent/guardian to make restitution. The following is applicable in all cases except those which have been referred to the Department of Juvenile Services.
• The principal may require restitution through financial payment, a student work project at the school or an appropriate combination of these.
• If the principal orders financial restitution, the restitution amount is not to exceed the fair market value of the property.
• The maximum amount of financial restitution that may be ordered by the principal is $2,500.

Search of Students
The principal, assistant principal, or school security staff may search a student. Additionally, a principal may designate, in writing, a teacher who may conduct searches while students are on a school-sponsored trip if he/she has a reasonable belief that a student has possession of an item, the possession of which is a criminal offense or a violation of other state law or PGCPS rules or regulations.

Authorized personnel conducting a search of the student’s person, possession, locker or assigned personal space will make a reasonable effort to inform the student prior to the search. Illegal items that are seized will be turned over to law enforcement personnel. All other items will be returned to the student or parent/guardian within a reasonable period of time.

Reportable Offenses (formerly Community Offenses)
Notice of a reportable offense, as defined in COMAR 13A.08.01.17, may not be the only basis for the suspension, reassignment, or expulsion of a student from school. If needed, the school system will make an appropriate educational program for every student who has been arrested by a law enforcement agency for a reportable offense. School administrators with parent/guardian input will determine whether a student’s presence in the home school creates a safety and/or security risk and develop the appropriate educational program. Appropriate educational programming and related services will be provided to an identified student with disabilities in accordance with the Individuals with Disabilities Education Act (IDEA) and corresponding state law.
SECTION 8: Disciplinary Response Terms

Discipline should be both corrective and instructive and designed to foster growth and understanding in the student. Appropriate responses to misbehavior are determined by the age and maturity of the student.

INTERVENTIONS AND STRATEGIES
While there are instances in which formal disciplinary measures must be used, teachers and administrators are encouraged to develop and utilize a variety of informal disciplinary and guidance strategies to maintain effective learning conditions. These strategies may include but are not limited to:

After-School/Extracurricular Activities
Revoking a student’s right to participate in extracurricular activities, including sports and clubs.

Behavioral Intervention Plan
An approach to correcting inappropriate or disruptive student behavior through a plan designed by school staff to offer positive behavioral interventions, strategies and supports. This plan is appropriate for students with and without disabilities.

Behavioral Probation
The principal or his/her designee may place any student who has been involved in an act of Level I, II, or III misconduct on behavioral probation in addition to, or instead of, suspension. School personnel must, however, perform an investigation of the situation; provide formal notice to the student and parent/guardian, and an opportunity for a parent/guardian conference. Behavioral probation should be for a definite period during which critical examination and evaluation of the student’s progress is to take place.

Cafeteria Duty/In-School Work Detail
Students participate in a school-based activity that requires the student to spend time on a beautification project in the school or on school grounds.

Community Conferencing
Allows students, school staff and others involved in a conflict to discuss the conflict and to propose solutions.

Community Service
Allows students to participate in activities to serve and benefit the community. Examples include working at a soup kitchen, cleaning up public spaces, helping at a health facility, etc.

Conference
Involves students, parents, guardians, teachers, school staff and principals in discussion about student misbehavior and potential solutions that address social, academic and personal issues related to the behavior.

Conflict Resolution
Empowers students to take responsibility for peacefully resolving conflicts.

Detention Hall
The principal, or teacher upon approval by the principal, may establish a Detention Hall. The Detention Hall shall meet daily, or as needed, before or after regular school hours, with the time for each session determined by the administrator. The Detention Hall shall serve as an alternative to a suspension for students who have been involved in persistent minor Level I or Level II disciplinary infractions. The Detention Hall may be organized to serve the needs of each individual school.

Drugs/Controlled Substances
Unauthorized use/possession of non-illegal drugs; being under the influence of illegal drugs; using/possessing illegal drugs; distributing/selling non-illegal or legal drugs.

Functional Behavior Assessment
Involves gathering information about students’ inappropriate or disruptive behavior and determining approaches that school staff should take to correct or manage student behavior. This information is used to develop a Behavioral Intervention Plan for the student.

Individualized Education Program (IEP) Team
A group of individuals who are responsible for identifying and evaluating students with disabilities; developing, reviewing and revising IEP’s for students with disabilities, as well as developing, reviewing and revising Functional Behavior Assessments and Behavioral Intervention Plans; and determining the placement of students with disabilities in a least restrictive environment.

In-School Suspension
In-school suspension is when the administrator determines that a student’s conduct warrants removal from class but not the school building. Removing the student within the school building from the student’s educational program for up to but not more than 10 days in a school year for disciplinary reasons by the school principal. The school principal will provide the parent with a written notification of the in-school suspension.

Parent Outreach
Requires school staff to inform parents/guardians of their child’s behavior and seek their assistance in correcting inappropriate or disruptive behavior.

Outreach made in writing or by telephone is intended to make parents aware of the student’s behavior, task completion and achievement, and can include a request for parents to accompany students to school for a portion of the day or all day.

Parent Shadowing
Involves parent/guardian participating in a shadowing experience by accompanying their child to class(es) for a specified period of time.

Positive Behavior Intervention and Support Program (PBIS)
A program that uses data to enhance the capacity of schools to educate all students by developing research-based, school-wide and classroom discipline systems.

Peer Mediation
Conflict resolution techniques in which students help other students deal with and develop solutions to conflicts.

Referral to the Office of Safe and Drug-Free Schools
Occurs for behavior related to alcohol, tobacco and/or substance abuse.

Referral to School-Based Services
Referral to counselor, pupil personnel worker, health care provider or social worker. Sessions can be individual, can include family members or can be done in groups.

Reflective Essay
Students are assigned a writing activity to reflect on the behavior that disrupted the learning environment. The assignment requires the student to address the incident and identify ways to handle a like situation in the future.

Response to Intervention (RTI)
A multi-tier approach to the early identification and support of students with learning and behavior needs.

Restorative Justice Practices
Interventions and responses designed to identify and address the harm caused by an incident. A plan will be developed to heal and correct the situation with the student who caused the harm.
**Saturday School**
Requires students to attend school for a specified period on Saturday to complete academic assignments and/or participate in a school-based beautification project.

**Schedule Adjustments**
Requires a change in all or part of a student’s schedule. School-based administrators will recommend options to meet the needs of individual students.

**Section 504 Team**
A multidisciplinary team responsible for identifying, evaluating and monitoring the provision of Section 504 accommodations, modifications and services to students with disabilities. This school-based team serves to ensure that students with disabilities are provided the same educational access to school curriculum, activities and programs as their non-disabled peers.

**Student Instructional/Support Team**
Usually consists of the school principal, nurse, pupil personnel worker, psychologist, teachers, and external agency representatives who help develop prevention and intervention techniques and may recommend classroom instructional strategies or additional instructional supports to assist the child. The team will meet on a regular basis to monitor the child’s progress and make additional recommendations for interventions, if needed.

**Teen Court**
Referring students to a “court” of peer jurors for resolution.

**Temporary Removal from Class**
Removing a student within the school building from his or her regular education program.

**SHORT-TERM SUSPENSION**
A short-term suspension denies a student the right to attend school and to take part in any school function for a period of 1-3 days.

**Review of Short-Term Suspension**
A review of a short-term suspension shall not serve to delay the suspension. A request for a review of a short-term suspension is accepted as evidence that the parent/guardian wishes further consideration of the results of the conference conducted by the principal or his/her designee and/or the circumstances of the student’s conduct and suspension. If a parent wishes a formal review of the suspension, the parent is to contact the Pupil Personnel Worker to request the review. The Pupil Personnel Worker shall meet with the principal to review the circumstances of the suspension and, if appropriate, meet with the principal and parent together to resolve the request for a review.

**LONG-TERM SUSPENSION**
A long-term suspension denies a student the right to attend school and to take part in any school function for 4-10 days.

**Review of Long-Term Suspension**
A review of a long-term suspension shall not serve to delay the suspension. A request for a review of a long-term suspension is accepted as evidence that the parent/guardian wishes a formal review of the suspension, the parent is to contact the Pupil Personnel Worker to request the review. The Pupil Personnel Worker shall meet with the principal to review the circumstances of the suspension and, if appropriate, meet with the principal and parent together to resolve the request for a review.

**EXTENDED SUSPENSION**
An extended suspension means the removal of a student from a student’s regular program for a time period over 10 days but not longer than 45 days for a violation for which the student has engaged in chronic and extreme disruption of the educational process that has created a substantial barrier to learning for other students across the school day, and other available and appropriate behavioral and disciplinary interventions have been exhausted.

The extended suspension can only occur if:

a. The Chief Executive Officer or designated representative has determined that the student’s return to school prior to the completion of the suspension period would pose an imminent threat of serious harm to other students and staff.

b. The Chief Executive Officer or designated representative limits the duration of the exclusion to the greatest extent practicable.

The principal will request the extended suspension from the Chief Executive Officer/designee. A Pupil Personnel Worker (PPW) or CEO designee will meet with the student, parent/guardian, and requesting school within ten days of the student’s removal from school. After the conference, the PPW will report his/her findings. If granted, notice of this decision must be in writing and must inform the parent/guardian of the charges and policy or policies violated. Appropriate and available behavioral support services may be offered. If the principal’s request for extended suspension is not granted, the student will be returned to school and the principal or his/her designee will contact the parent/guardian to schedule and intake conference.

**EXPULSION**
An expulsion from school denies students the right to attend their regular school program for 45 days or longer. The exclusion may occur only under the following circumstances:

a. The Chief Executive Officer or designated representative has determined that the student’s return to school prior to the completion of the expulsion period would pose an imminent threat of serious harm to other students or staff.

b. The Chief Executive Officer or designated representative limits the duration of the exclusion to the greatest period practicable.

The principal will request an expulsion from the Chief Executive Officer/designee. Appropriate and available behavioral support services may be offered. A due process hearing will be held within 10 school days. If expelled, the student may be placed in an alternative program. If not placed in an alternative program, missed classwork and assignments will be provided via the School Liaison.

**Appeal of Expulsion**
A student who is expelled may appeal the decision of the Chief Executive Officer or designee in writing to the Board of Education within ten days after the determination.

**Readmission After Expulsion**
To be readmitted to a regular school program after serving an expulsion, the student or the parent/guardian, acting for the student, may apply to the Expulsion Review Board. If the student has not violated any of the criminal laws of the State of Maryland or any other jurisdiction during the period of expulsion, the Chief Executive Officer may readmit the student.

**Saturday School**
Requires students to attend school for a specified period on Saturday to complete academic assignments and/or participate in a school-based beautification project.

**Schedule Adjustments**
Requires a change in all or part of a student’s schedule. School-based administrators will recommend options to meet the needs of individual students.

**Section 504 Team**
A multidisciplinary team responsible for identifying, evaluating and monitoring the provision of Section 504 accommodations, modifications and services to students with disabilities. This school-based team serves to ensure that students with disabilities are provided the same educational access to school curriculum, activities and programs as their non-disabled peers.

Removing a student within the school building from his or her regular education program.

**SHORT-TERM SUSPENSION**
A short-term suspension denies a student the right to attend school and to take part in any school function for a period of 1-3 days.

**Review of Short-Term Suspension**
A review of a short-term suspension shall not serve to delay the suspension. A request for a review of a short-term suspension is accepted as evidence that the parent/guardian wishes further consideration of the results of the conference conducted by the principal or his/her designee and/or the circumstances of the student’s conduct and suspension. If a parent wishes a formal review of the suspension, the parent is to contact the Pupil Personnel Worker to request the review. The Pupil Personnel Worker shall meet with the principal to review the circumstances of the suspension and, if appropriate, meet with the principal and parent together to resolve the request for a review.

SECTION 10: Policies and Procedures

System-Wide Dress Code
Students attending Prince George's County Public Schools should dress appropriately and in a way that is consistent with learning being a priority.

Head Dress
Head dress can be worn indoors for religious or health reasons only.

Shirts and Blouses
Shirts and blouses should be continuous from neckline to waist. The mid-section should never be visible. Tank tops and muscle shirts are not allowed.

Tights, stretch pants, leggings and spandex body suits must be worn with clothing long enough to cover the buttocks.

Shoes
Shoes must be worn.

Portable Electronic Devices (PEDs)
PGCPS values the use of technology as an important tool to enhance the educational environment and encourage student innovation. Students are allowed to possess a portable electronic device (PED) while on school property, school buses, and during field trips and other school sponsored events. However, it is a violation of the PGCPS Code of Student Conduct to use such devices in a manner that will disrupt the school environment or impact the safe operation of the school bus.

If permitted by school administrators, students may use PEDs during the school day for instructional purposes, and at other times approved by the principal/designee. When students do not have permission to use PEDs, the devices must be turned off and be stored in the student's pocket, backpack, purse, locker or vehicle. If a student uses the PED without permission, or refuses to comply with a reasonable request by authorized school personnel, including school bus drivers, to turn off or store PEDs, the student will be referred to the school principal for an appropriate response. In limited, emergency circumstances, principals may confiscate PEDs until the student's parent/guardian comes to the school to retrieve it.

Guidelines for the acceptable use of PEDs are continued in Administrative Procedure 5132.

Use of Technology
The increasing availability of technology creates both opportunities and risks for students. Since the potential for harm from the misuse of technology is significant, PGCPS has established guidelines by which students can use technology in a legal, safe, productive and ethical manner.

Google Apps for Education is a free service to PGCPS students that includes the use of email, calendars, documents and sites through the convenience of a web browser. Students can communicate with teachers and peers, use easy to manage to-do-lists, access a calendar to keep dates organized, participate in online discussion boards and access online spreadsheets, documents and presentations. For safety and security reasons, students' communication is limited to other PGCPS students and staff only.

All use of technology under these guidelines is to be for legitimate educational purposes under the guidance or direction of school system staff. Administrative Procedure 0700, Information Technology Services Acceptable Usage Guidelines, defines technology as including “computers, scanners, digital cameras, video projectors, video cameras, cellphones, Nextel devices, PDA devices, and wireless e-mail devices” and outlines the acceptable use of such technology by students.

The following conduct is prohibited while using the school system network, accessing the school system network from outside of the firewall, or while involved in situations under which this Code has jurisdiction. Students shall not:

• Utilize the school system computer network for any illegal activity, including, but not limited to, gaining or attempting to gain unauthorized access to resources, files or devices on the network.
• Access “chat lines” or enter “chat rooms” that are not part of a class activity under the direct supervision of a teacher.
• Access or link to websites that contain material deemed vulgar, offensive, or otherwise inappropriate, including, but not limited to, websites promoting hatred, racial/religious/sexual discrimination, use of illegal drugs/alcohol/tobacco, gaming or gambling, criminal activities or computer/network hacking.
• Use or display copyrighted or otherwise licensed or contractual material without specific written permission or authorization from the appropriate party.
• Utilize the network for commercial purposes or display any logo of any commercial entity not directly related to Prince George's County Public Schools.
• Post, use or download any files which cause congestion or impede network operations.
• Trespass in or vandalize another's files, folders, data or work.
• Post anonymous messages or in any way misrepresent one's own identity.
• Use an account password of another user.
• Use abusive or otherwise objectionable language in any message.
• Use e-mail or any portion of the PGCPS WAN to promote the annoyance, harassment or attack of others.
• Take or facilitate the theft or damage of data, equipment or intellectual property, including degrading or disrupting equipment of system performance.

Consequences for misuse may include, but are not limited to, suspension of equipment access, confiscation of the technological device, disciplinary action commensurate with the level of misconduct and/or legal action as appropriate. Complete guidelines for the acceptable use of technology are contained in Administrative Procedure 0700.

Social Media

The school system does not govern the personal use of technology outside of school. In instances where the use of devices create a threat to students, staff or administration within the school environment and impedes opportunities for learning, or impacts the safe operation of the school bus, the school will apply disciplinary action in accordance with the Student Rights and Responsibilities Handbook.

Social Media misuse includes internet/computer and the misuse of other electronic devices that may have the impact of substantially disrupting the educational environment. Social media is inclusive of, but not limited to, web-based and mobile technologies, social networking sites, blogs, instant messaging, twitter, social blogs and video based sites such as YouTube. The most common misuse of social media is harassment via cyber bullying. When cyber bullying takes the form of harassment of protected classes, it may be prosecuted as a violation of a person’s civil rights.

Tips: Should
• Maintain privacy by not sharing passwords and/or codes.
• Use telecommunications in school for educational purposes only under the direction of a teacher.
• Use telecommunications or PEDs in school at other times, such as during lunch periods and extracurricular activities, if approved by school administrators.
• Report acts of cyber bullying, harassment or sexual harassment to school staff. Do not respond to the harasser.

Tips: Should Not
• Share user names or passwords.
• Access and/or use social media websites on school equipment.
• Access social media sites while in school, on school property or while attending school sponsored events.
• Post photographs, videos and tweeted messages of fights or threats of fights on social media sites.
• Use electronic devices to distribute/post abusive, harassing, bullying, libelous, obscene, offensive, profane, threatening, sexually explicit or illegal material including photos and comments.

Violations in the Student Rights and Responsibilities Handbook, Board Policies, and school rules while using social media websites may result in a disciplinary response. Complete guidelines for the acceptable use of technology are contained in Administrative Procedure 0700.

Alcohol and Other Drugs

Unlawful possession, use and/or distribution of any Alcohol, Marijuana, Prescription Drugs, Controlled Dangerous Substances, Imitation Controlled Substances, Synthetic Intoxicants, Inhalants, Other Intoxicants, Controlled or Drug Paraphernalia on school property, including Board of Education owned vehicles or while in attendance at any Board of Education sponsored and supervised activity, are prohibited under this Code.

Students who possess, use or distribute substances represented as or intended to be used as alcohol or a controlled dangerous substance will be treated by the rules and regulations of these procedures as if they were possessing, using or distributing alcohol or a controlled dangerous substance even though the substance itself may ultimately be determined not to be alcohol or a controlled dangerous substance.

• POSSESSION implies that a student has any of the above substances on his/her person or with his/her personal property, or has under his/her control by placement of and knowledge of the whereabouts of the substance on Board of Education property or other property on which he/she is present, by virtue of being within the jurisdiction of school authorities.

• USE implies that a student is reasonably known to have ingested any of the above substances (e.g., drinking alcohol, smoking marijuana, taking a pill, etc.) or is reasonably found to be under the influence of a substance while under the jurisdiction of school authorities.

• DISTRIBUTION implies the transfer of any of the above substances to any other person, with or without the exchange of money or other valuables.

Student Possessors with Intent to Distribute
A student in possession of a quantity of alcohol, controlled dangerous substances or other substances listed above in an amount which the principal could reasonably infer was intended to be available for distribution shall be charged with Possession with Intent to Distribute and be subject to the disciplinary guidelines outlined for student distributors.

Student Distributors
If the student has been found to have committed a distribution offense under the provisions of this section, the student shall be expelled, not withstanding any mitigating circumstances. The Chief Executive Officer may rescind the expulsion after the period of expulsion if the student provides documentation of satisfactory participation in an appropriate accredited alcohol/drug treatment program.
Possession or Use of Alcohol or Other Drugs

First Offense
Any student that is found to have committed a first offense for use or possession of alcohol, controlled dangerous substance, drug paraphernalia and/or other substance will immediately have a “Notification of Request for Expulsion” filed by their school administrator and receive a short term suspension. That student will also be granted the opportunity to opt for the alternative to expulsion which is mandatory counseling sessions. The principal or his or her designee will provide the student’s parent/guardian with a list of community agencies that can provide the mandatory two counseling sessions. The school must call in the violation to the Safe and Drug-Free Schools Office. The student must provide to their school and the Safe and Drug-Free Schools Office documentation stating the counseling appointment date from the approved agency.

Second Offense
If a student is readmitted after an expulsion has been rescinded in accordance with the above condition and there is a further offense under this section, the principal or his/her designee will provide the students parent/guardian with a list of community agencies that can provide four mandatory counseling sessions. The school must call in the violation to the Safe and Drug-Free Schools Office. The student must provide to their school and the Safe and Drug-Free Schools Office documentation stating the counseling appointment date from the approved agency. Non-compliance in the alternative to expulsion will result in the “Notification of Request for Expulsion.”

Third Offense
If a student is readmitted after the expulsion has been rescinded in accordance with the above condition and there is a further offense under this section, the Chief Executive Officer may not rescind that expulsion. Any recision for a third or further offense must be ordered by the Board of Education. All students suspended/expelled for alcohol/controlled dangerous substance offenses are to be requested to reveal their source of the alcohol/controlled dangerous substance to the principal.

Tobacco and Tobacco Products
It is a violation of the Code of Student Conduct for students to use or possess any tobacco or nicotine products on school property. The following is a summary of the consequences for violating this section of the Code of Student conduct:

First Offense
• Parental notification by referring administrator.
• Administrative referral to Student Affairs/Safe and Drug-Free Schools Office.
• Student must complete an appropriate tobacco education program no later than four weeks from the date of the Code violation.
• Student and parent/guardian will sign a contract stating there will be no further violation of the Code. Non-compliance will result in a two-day suspension or in-school suspension.

Second Offense
• Parental notification by referring administrator.
• Administrative referral to Student Affairs/Safe and Drug-Free Schools Office.
• Student is placed on suspension for one day.
• Conference with parent/guardian is scheduled.
• Student and the parent/guardian will complete an appropriate tobacco education program no later than four weeks from the date of the Code violation. Non-compliance will result in an additional two-day suspension or in-school suspension.

Fourth and Subsequent Offenses
Thereafter, for offenses beyond the third infraction of the tobacco policy, the sanctions set forth in the Code of Student Conduct for students who repeatedly violate any provisions of the Code shall apply.

Possession or Use of Weapons or Instruments Used as Such
The Board of Education strongly believes that any student found in violation of this section will serve an extended suspension or be expelled by the Chief Executive Officer.

1. For students enrolled in grades K through 5, the principal may use discretion as to responses for possession or use of a weapon.
2. For students enrolled in grades 6 through 12, principals may make a request for expulsion to the Chief Executive Officer for the possession or use of a weapon by any student.
3. In accordance with Maryland Annotated Code, Education Article Sec. 7-305, when a student is expelled for possession or use of a firearm, as defined in the Glossary section of this handbook under Possession or Use of Weapons or Instruments Used as Such, the student shall remain out of school for at least one year. After one year, the student, or the parent/guardian, acting for the student, may apply to the Chief Executive Officer for readmission. As appropriate, the Chief Executive Officer may order a shorter period of expulsion.
4. The procedure for rescission of expulsion for possession or use of a weapon is the same as for other expulsions. However, if a student has been expelled previously for possession or use of a weapon and then readmitted through the rescission of that expulsion, the student will not be eligible for rescission if he/she is expelled again for possession or use of a weapon.
Gangs, Gang Activity and Similar Destructive or Illegal Behavior

Gang, gang activity and similar destructive or illegal behaviors are prohibited under the Code of Student Conduct, in accordance with The Safe Schools Act of 2010.

A student may not threaten an individual, or a friend or family member of an individual, with use of physical force or violence to coerce, induce or solicit the individual to participate in or prevent the individual from leaving a criminal gang; a) in a school vehicle, or b) in or within 1000 feet of real property owned or leased by the Board of Education. **BULLYING, HARASSMENT OR INTIMIDATION REPORTING FORM**

**DIRECTIONS:** Bullying, harassment, and intimidation are serious and will not be tolerated. This is a form to report alleged bullying harassment, or intimidation that occurred during the current school year on school property, at a school-sponsored activity or event off school property, on a school bus, on the way to and/or from school*, or on the internet-sent on or off school property; or that substantially disrupted the orderly operation of the school. Bullying, harassment and intimidation mean any intentional conduct, including verbal, physical or written conduct, or an intentional electronic communication, that creates a hostile educational environment by substantially interfering with a student’s educational benefits, opportunities or performance, or with a student’s physical or psychological well-being. The conduct must (1) be motivated by an actual or a perceived personal characteristic including race, national origin, marital status, sex, sexual orientation, gender identity, religion, ancestry, physical attributes, socioeconomic status, familial status, or physical or mental ability or disability, or (2) be threatening or seriously intimidating. Electronic communication means communication transmitted by means of electronic device, including a telephone, cellular phone, computer and pager. Conduct that is of a sexual nature is the most commonly reported form of sexual harassment. This term is generally thought to mean actions, language or visual materials which specifically refer to, portray or involve sexual activity or language. Conduct of a sexual nature may include overt sexual solicitations, inappropriate touching, sexual jokes and inquiries about a person's sex life. Sexual harassment is the broader term that encompasses conduct of a sexual nature such as unwelcomed sexual advances, requests for sexual favors, and other verbal or physical contact of a sexual nature. Sexual harassment also includes acts that are not overtly sexual but rather are directed at individuals based on their gender such as profanity or rude behavior that is gender-specific.

If you are a student, the parent/guardian of a student, a close adult relative of a student, or a school staff member and wish to report an incident of alleged bullying harassment, or intimidation, complete this form and return it to the Principal at the student victim’s school. You may contact the school for additional information or assistance at any time.
